§ 706 Prohibited Substances Protests; testing.

(a) *Protest; Request for Super Test.* — (1) If a licensed owner, trainer, driver, or claimant has a reasonable belief that a competing or claimed horse has, or may have, an unfair competitive advantage due to a violation of the Delaware Harness Racing Commission (DHRC) rules, that owner, trainer, driver, or claimant may file a “Prohibited Substances Protest” with the DHRC.

(2) A “Prohibited Substances Protest” empowers the owner, trainer, driver, or claimant to request that any horse or horses such owner, trainer, driver, or claimant competes against or claims in a specified race have a blood and urine sample collected and then tested at an official Association of Racing Commissioners International (ARCI) approved laboratory of the owner’s, trainer’s, driver’s, or claimant’s choice. The designated laboratory shall employ state-of-the-art testing methods when testing these protested samples, which shall include, but not be limited to, Enzyme-Linked Immunosorbent Assay (ELISA), Thin Layer Chromatography (TLC), Gas Chromatography Mass Spectrometry (GCM-S), Liquid Chromatography Mass Spectrometry (LCMSMS), and Total Carbon Dioxide (TCO₂) tests.

(3) The owner, trainer, driver, or claimant must file a verbal protest with either the starter or paddock judge before the race has been made official. The starter or paddock judge must notify the Presiding Judge immediately, who shall order a veterinary assistant to escort and remain with the horse in accordance with established policy for obtaining a blood and urine sample. Within 15 minutes after the official sign has been posted for the race in which the protested horse competed, the protesting party shall file a written protest with the paddock judge and post a deposit of \$1,000 which shall be used to offset the following costs:

- a. The collection of sufficient blood and urine samples, including the costs of the State Veterinary Assistant and State Veterinarian and all necessary collection apparatus;
- b. The packing of and transportation of these samples by bonded courier to the selected laboratory; and
- c. All costs incurred by the state-of-the-art testing methods employed by the ARCI laboratory.

(4) In the event the costs exceed the \$1,000 deposit, the protesting party shall be required to post additional moneys to cover such costs.

(5) The owner and/or trainer of the protested horse shall have the right to be present during the collection, packaging and shipping of these test samples.

(6) Upon completion of all testing, the laboratory shall notify the DHRC of the results. The DHRC shall immediately notify the trainer of the protested horse as well as the protesting party of these test results.

(7) If the test results substantiate a violation of the DHRC rules in effect on the date of the race, the trainer of the tested horse shall be afforded the same rights every trainer receives when charged with any rules violation. This shall include the right to request a split sample test at a designated ARCI laboratory that has agreed to accept split samples from the DHRC.

(8) Penalties shall be assessed in accordance with the DHRC penalty recommendations for a violation of the rules in effect on the date of the race. In no case, however, shall the penalty imposed for a medication violation be less than a \$500 fine. If the test results substantiate the presence of antibodies to erythropoietin (EPO), darbepoietin, or any EPO analogues, in addition to any DHRC penalties, the horse shall immediately be placed on the steward’s list and shall not be permitted to enter a race until the horse tests negative for the presence of EPO, darbepoietin, or any EPO analogue antibody or antibodies previously detected and said horse is removed from the steward’s list. All testing must be performed by the DHRC official lab.

§ 1539 Texas Hold'em Poker tournament rules.

(a) *Deal.* — (1) When a table is opened for play, the deck of cards in a game of Texas Hold'em Poker must be verified by the dealer as 1 new sealed complete standard deck of 52 cards. The design on the backs of the cards in the deck must be identical, and no card may contain any marking, symbol, or design that enables a player to know the identity of any element printed on the face of the card. The backs of the cards may contain a logo. The backs of the cards in the deck must be designed to eliminate the ability of any person to place concealed markings on them. No sponsoring organization may use cards that are taped, cut, shaved, marked, defaced, bent, crimped, or deformed. All jokers are to be discarded from the deck of cards.

(2) Texas Hold'em Poker cards are dealt by a dealer on a poker table. The dealer must protect the deck to avoid exposure of the cards (hands). A player bets on the cards (hand) the player holds. All the bets placed by the players are collected together in the center of the table which is known as the pot. There may be a required initial ante and there may be required blind bets by the players. After all the dealing of cards and betting has occurred for a pot and there are 2 or more players still in contention, there is a showdown to determine which player has the best hand. The object of the game is for a player to win the pot either by making a bet no other player is willing to match or by the player having the most valuable hand after all the betting is over. The winning player shall be the player who holds the hand of highest rank.

(3) The dealer shall deal 2 cards to each player, face downward and 1 at a time. The first player to receive a card is the player to the left of the player who has the button. A button shall be moved around the table, clockwise, so that the player who has the button receives the advantage. The last player to receive cards is the player assigned the button. Play must proceed in a clockwise direction with each player's turn following the person on the player's immediate right. After all players have received their 2 cards, there is a betting round. The player to the left of the last blind bettor may call, raise, or fold and each following player may call, raise, or fold in a clockwise order.

(4) The dealer burns the top card of the deck and deals 3 community cards from the deck 1 at a time face downward and turns them face upward all at once in the center of the table. Community cards are common to the hand of every active player in the pot.

(5) After the flop, the betting continues for another round. The first player still in the pot sitting left of the player assigned the button is the first to act and then each player in a clockwise order may act in turn until all bets are equal. Any player may call, check, raise, or fold in accordance with the house rules.

(6) The dealer burns a card and deals a fourth community card, known as the turn card, face upward in the center of the table. Another round occurs. The dealer then burns a card and deals a fifth community card, known as the river card, face upward in the center of the table for the final round.

(7) After all bets are made and if there are 2 or more players remaining in the game, there is a showdown and in Texas Hold'em Poker, the best qualifying high hand wins the pot.

(8) The 5 community cards shall be combined with none, 1, or 2 cards from each player to determine the player's best 5-card hand.

(9) There is no limit as to the amount a player can raise or bet during any round. At any time following the first deal, a player can go all-in.

(b) *Conduct.* — The following rules shall apply to all Texas Hold'em Poker tournament play and must be included in the printed rules for each tournament:

(1) All players will receive an equal number of tournament chips for their entry fee and any subsequent rebuys or add-ons.

(2) Initial table and seat assignments shall be determined by random draw or assignment. As tables are combined following player elimination, the remaining players shall also draw or be reassigned to new seating assignments. The tournament director shall be permitted to provide for the reasonable accommodation(s) of those individual(s) with special need(s).

(3) Players are eliminated from the tournament when they lose all their chips. Players who lost in the multitable tournament are then eligible to participate in a sit and go game.

(4) Play will continue until only 1 player has not been eliminated.

(5) No agreement concerning division of prizes shall be made.

(6) The sponsoring organization shall have 2 separate decks of cards available at each table. The color or markings of the backs of the cards of the 2 decks must be different.

(7) All cards used to play Texas Hold'em Poker must be dealt out of the hand by the dealer.

(8) The dealer, at least once each hour, shall count the cards in the sealed deck to verify that the sealed deck is complete. The dealer, at least once every 2 hours, shall change the sealed deck of cards. When the 2 separate sealed decks of cards at the table have been used, the sponsoring organization or licensed third-party vendor dealer shall replace the used sealed decks with a new set of 2 separate sealed decks of cards.

(9) All pots are to be awarded by the dealer only. When the dealer has awarded a pot and it has been taken in by that player without a claim made against it, the award stands. No player may make an agreement with any other player regarding the pot. Each game must be played to conclusion and the pot awarded to the actual winning player.

(10) Each player shall be permitted to play only 1 hand and the player shall make all decisions without advice from any other person. Any communication between a player with a live hand and a spectator about the play of the hand or other players at the table is prohibited.

(11) No player may allow a person to sit in on a tournament game on the player's behalf. No player may wager on another player's hand, nor may any player play other than the player's own hand. No player may exchange or otherwise transfer their chips to any other player during the tournament.

(12) No player shall have a camera, cell phone with camera or recording device at the poker table.

(13) Only tournament chips on the table at the start of a game may be in play for that pot. Concealed chips may not be used in play.

(14) A player may assemble chips in front of the player before acting. A player must be considered to have made a bet if the player pushes assembled chips forward or releases chips into the pot at a sufficient distance from the player to make it obvious that the player intends it as a bet. If the situation is unclear and the player allows the dealer to pull the player's chips into the pot without making an immediate objection, it must be considered a bet by the player.

(15) If a player is absent from the table they will be dealt in and all antes, forced bets and blinds will be posted as required. A player's hand will be immediately declared dead if the player is not in the player's seat when it is the player's turn to act.

(75 Del. Laws, c. 117, § 1; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 21, §§ 1, 10-13; 79 Del. Laws, c. 199, § 4.)

§ 1540 Ranking of cards in hand.

The cards are ranked ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3, and 2. A Texas Hold'em Poker hand in a showdown shall consist of 5 cards, ranked according to the following from highest to lowest:

§ 1541 Tie.

Ties shall be broken and/or resolved according to house rules.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1542 Sponsoring organization to provide dealer.

The sponsoring organization must provide the dealer, which may be provided by a licensed third-party or charitable gaming vendor. The dealer shall not play, make a bet or otherwise wager on a Texas Hold'em Poker game.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1543 Ante.

Each individual player must ante by placing chips equaling the ante in front of the player on the table before the first card of the game is dealt. The dealer must sweep the antes and place them in the pot. Once the first card is dealt to any player, the ante may not be altered, except that if a player's hand is declared dead for reasons other than the player's fault, the ante may be returned to such player.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1544 Shuffling device.

(a) If appropriate to the play of an approved Texas Hold'em Poker game, a Board-approved mechanical shuffling device may be used to dispense each player's cards, and/or the community cards, as a group, to the dealer. The dealer shall then deal an intact group of cards from the shuffling device to each player, and/or to the community card area, as specified by this chapter.

(b) If appropriate to the play of an approved Texas Hold'em Poker game, a Board-approved electronic shuffling device may be used to deal each player's cards, and/or the community cards, as a group, to the dealer. The dealer shall then deal an intact group of cards from the shuffling device to each player, and/or to the community card area, as specified by this chapter.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, §§ 1, 14, 15; 78 Del. Laws, c. 102, § 10; 79 Del. Laws, c. 199, § 4.)

§ 1545 Protection of hands.

A player shall protect a held hand by holding onto it above the table or by placing 1 or more chips on it. A protected hand may not be ruled dead by accidental contact with discards unless it is impossible to reconstruct completely. A player who has a protected hand taken in by the dealer or fouled by discards through no fault of the player is entitled to a refund of all of the chips the player put in the pot in that game.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1546 Misdeal.

(a) A card that is meant to be dealt face downward but is dealt face upward or flashed as it is dealt so that a player might know its identity or a card that is dealt off the table is dead. An exposed card meant to be dealt face downward must be replaced.

(b) In Texas Hold'em Poker games, if the flop is dealt prematurely or contains too many cards, the community cards are mixed with the remainder of the deck, which is then reshuffled, cut by the dealer and a new flop is dealt without burning a card. If the fourth community card is dealt prematurely, it is taken out of play for that round. The dealer will burn and turn what would have been the fifth community card in its place. After betting is completed, the dealer will place the premature fourth community card in the remainder of the deck, which is then reshuffled, cut by the dealer who then burns and deals the final community card. If the premature card is dealt on the fifth card, the deck is reshuffled and dealt in the same manner.

(c) A misdeal causes all of the cards to be returned to the dealer for a redeal. A misdeal may not be called once action has occurred.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1547 Burned cards.

If the dealer burns a card, it must be kept separate from the muck until all cards have been dealt. If the dealer burns a card and is unable to deal immediately, the dealer may place the burned card back on top of the deck.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1548 Required statements when betting.

A player may substitute a gesture for a verbal statement of the player's action. The dealer must announce it, and the player must correct the dealer before any further action takes place. A player may verbally state an action as "check," "call," "raise," or "fold." If a player bets but announces a fold, the player has a dead hand. A statement by a player of "call" or "raise," "check" or "fold," or of a specific bet is binding. A player who states a certain amount but puts a different value of chips into the pot must correct the bets to the stated amount. The dealer must insure all bets are as stated by the player. Players, who make a bet, decide incorrectly that they have no live hand against the play, and fold their hand, lose the pot unless their hand is declared retrievable by the dealer.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1549 Call procedure.

(a) Players who unintentionally put fewer chips into the pot than are needed to call must complete the call or withdraw the partial bet in full. If action has taken place, the player is responsible for completing such player's bet, even if the player might have been unaware of the raise. Players may assemble chips in front of them before acting. A player makes a bet if such player pushes assembled chips forward or releases chips into the pot at a sufficient distance from the player to make it obvious that the intent is to bet. If the situation is unclear and a player allows the dealer to pull the player's chips into the pot without making an immediate objection, it is a bet. A player must place the entire bet in front of the player at 1 time. Unless a player has placed the amount of chips required to call a bet and to signify a raise, the player may not place additional chips for a raise.

(b) If a player calls but places a value of chips into the pot that is larger than the bet, it must be regarded as a call unless the player announces a raise. The player may clarify an apparent call as a raise only if no other player behind such player has placed chips into the pot or announced a call or raise.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1550 Showdown.

(a) If 2 or more players remain in the pot after all of the cards have been dealt and the betting is over for that hand, the remaining players show their cards to determine which player has the best hand and wins the pot.

(b) The following provisions govern showdown:

- (1) A hand with too many or too few cards for that game is dead.
 - (2) A hand is ranked according to the actual cards it contains. The cards speak for themselves when exposed and laid face up on the table.
 - (3) A hand that is prematurely discarded by a player and touches the discarded cards is dead.
 - (4) A verbal concession of a losing hand is not binding.
 - (5) Players who leave the table concede the pot and have a dead hand.
 - (6) A hand discarded by the dealer without objection is dead.
- (75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1551 Review of hands at showdown.

At the conclusion of the round, a player shall place the player's hand face upward on the table at the showdown as follows:

- (1) If there has been a bet on the final round, the player who made the bet must show first;
 - (2) If there have been 1 or more raises on the final round, the player who last raised must show first;
 - (3) If the final round has been checked by all the players, the player who acted first must show first;
 - (4) The subsequent order of showing hands is clockwise around the table from the player who must show first; and
 - (5) A player may choose to discard a hand without showing it.
- (75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1552 Award of pot.

Pots may only be awarded by the dealer. When the dealer has awarded a pot and it has been taken in by a player without a claim against it, the award stands. Any such claim shall be made before the objecting player's cards are mucked. No player may make an agreement with any other player regarding the pot. A hand must be played to conclusion and the pot awarded to the winning player or players.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1553 Odd chips in ties.

If a pot that is split by having tied hands at the showdown has an odd chip, the chip is awarded to the first live player to the left of the button.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1554 Use of defective deck.

If a defective deck is used, all chips in the pot must be returned to the players in the amount each contributed. Players who know the deck was defective and attempt to win the pot by a bet are not entitled to their chips in the pot. Such chips must remain in the pot as forfeited for the next game. A player who won a pot is entitled to keep it, even though the deck is subsequently found to be defective. No sponsoring organization or licensed third-party or charitable gaming vendor shall use a deck which it knows or reasonably should have known to be defective. The cards in the deck shall be counted within 30 minutes of play, at a minimum.

(75 Del. Laws, c. 117, § 1; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1555 Faced card.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1556 Time limit.

The sponsoring organization may place a maximum time limit for players to act on their hands. At the end of the time limit, if the players have not bet, they must check. If there has been a bet to a player, the player's hand is dead. The dealer must provide warning to the player before the expiration of the time limit.

(75 Del. Laws, c. 117, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1557 Posting of rules.

(a) Posted sponsoring organization rules shall be clear and legible and placed in a conspicuous and conveniently accessible location available to all players in the Texas Hold'em Poker tournament room. Rules posted and the place of posting must be approved by the sponsoring organization. Printed copies of sponsoring organization rules must be provided to players upon request. Any other rules besides the rules stated in this chapter shall be developed by the sponsoring organization. The sponsoring organization rules shall make reference to the Delaware Council on Gambling Problems, Inc., helpline phone number 888-850-8888.

(b) The sponsoring organization shall post in a conspicuous manner the Delaware Council on Gambling Problems, Inc., helpline phone number, which currently is 888-850-8888, and may display in a prominent manner materials provided by the Delaware Council on Gambling Problems, Inc.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 1; 79 Del. Laws, c. 199, § 4.)

shall exceed the room occupancy established by the Delaware or Municipal Fire Marshal for the room in which the Texas Hold'em Poker tournament takes place.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1559 Tournament chips required.

All wagers must be made with approved tournament chips provided by the sponsoring organization or licensed third-party or charitable gaming vendors. No currency, chips other than tournament chips, or other thing of value may be used as wagers. No person may introduce into any Texas Hold'em Poker game any playing card that was not obtained through the current deal of the cards by the sponsoring organization's dealer, or any poker chip other than those obtained from the sponsoring organization where the Texas Hold'em Poker game is being held. Tournament chips shall have no cash value, and shall represent tournament points only. There shall be no limitation of the size of a wager made with tournament chips. Tournament chips may never be redeemed for cash or for any other thing of value, except that the point total represented by the players' accumulations of tournament chips shall be used to determine the winners and/or final place in a tournament. If the tournament chips in play are not imprinted with a number representing the actual number of points or units of credit which the chip represents, each tournament table must display a notice visible to all players which describes the currently assigned point or credit value to each different color of chip. The point value assigned to each color chip may change between rounds of tournament play, but the required notice must always reflect the current values.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1560 Sit and go games; entry fee.

(a) *Sit and go games.* — Only those individuals who lost in the multitable tournament may participate in a sit and go game. Only members of the sponsoring organization who are serving as dealers, bookkeepers or treasurers as defined in § 1537 of this title, or as the tournament director, as discussed in § 1565 of this title, for that Texas Hold'em Poker tournament shall be licensed. The license applicant will contact the State Bureau of Identification to make arrangements for fingerprint processing. An applicant must complete a fingerprint card and form with the necessary personal information and sign an authorization for release of information form to release criminal history to the Division of Professional Regulation and the Delaware Board of Charitable Gaming. At the time of processing, the applicant must show proof of official identification to complete the criminal history request. A fee is required to be paid for state and federal processing of fingerprint cards and criminal history records. The fee is set by the State Bureau of Identification, and the applicant is to make that payment directly to that agency. Certified copies of the criminal history record will be forwarded to the Division of Professional Regulation. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534, note) must be produced. The State Bureau of Identification shall act as the intermediary for the receipt of the federal criminal history record checks performed by the Federal Bureau of Investigation. The Division of Professional Regulation will provide that individual applicant with a copy of the criminal history records. The applicant shall have the opportunity to respond to the Division of Professional Regulation regarding any information obtained prior to a determination of suitability for licensure. Such a response shall be made within 10 days of the person's receipt of the criminal background information from the Division of Professional Regulation.

(b) Investigators assigned to the Division of Professional Regulation will conduct an investigation to determine the suitability of the applicant. The investigator will provide a recommendation of suitability of each applicant to the Delaware Board of Charitable Gaming. The Division of Professional Regulation investigators may access the state criminal history databases for the purpose of reviewing the criminal history of any individual licensee.

(c) In making the determination of suitability for licensure, the Delaware Board of Charitable Gaming shall consider the background of each individual applicant. The licensure requirement shall include the satisfaction of such security, fitness and background standards as the Delaware Board of Charitable Gaming may deem necessary relating to competence, honesty and integrity, such that a person's reputation, habits and associations do not pose a threat to the public interest of the State or to the reputation of or effective regulation and control of Texas Hold'em Poker tournaments. It is specifically provided that any person convicted of any felony, a crime involving gambling, or a crime of moral turpitude within 10 years prior to applying for a license or any time thereafter shall be deemed unfit. (d) The Delaware Board of Charitable Gaming shall communicate the results of the determination of suitability in writing to the license applicant within 60 days of receipt of the criminal history information, unless extenuating circumstances require a longer period. If the Delaware Board of Charitable Gaming determines that an applicant has satisfied the licensing requirements set forth above, the applicant will be issued a Texas Hold'em Poker license. If a determination is made to deny a person licensure, the person shall have an opportunity to appeal for reconsideration as set forth below:

(1) Appeal shall be initiated by a person notified that the person is being denied a license pursuant to this chapter by submitting a request for a hearing to the Delaware Board of Charitable Gaming within 10 days of receipt of the written notice.

(2) The appeal shall be reviewed by the Delaware Board of Charitable Gaming and the person shall be given the opportunity to be heard by the Delaware Board of Charitable Gaming within 60 days of receipt of the letter of appeal, unless extenuating circumstances require a longer period. Any hearing will be pursuant to the procedures set forth by the Delaware Board of Charitable Gaming.

(3) A written decision shall be rendered by the Delaware Board of Charitable Gaming within 60 days of the hearing, unless extenuating circumstances require a longer period. All decisions made by the Delaware Board of Charitable Gaming under this appeal procedure are final and may then be appealed to the Superior Court under § 10142 of Title 29.

(4) A person determined to be unsuitable for licensure pursuant to this procedure shall be prohibited from reapplying for licensure for a period of 12 months.

(e) All records pertaining to criminal background checks and suitability determinations of applicants for licensure shall be maintained in a confidential manner including, but not limited to, the following:

(1) Access to criminal background check records, letters of reference accompanying out-of-state criminal background checks and determination of suitability of applicants shall be limited to the Delaware Board of Charitable Gaming and designated personnel in the

Division of Professional Regulation;

(2) All such records shall be kept in locked cabinets; and

(3) No information from such records shall be released without the signed release of the individual applicant.

§ 1568 License enforcement.

(a) Any entity or organization that violates this chapter or any rule or regulation duly promulgated thereunder, or any condition of a license issued pursuant to § 1567 of this title, or any administrative order issued pursuant to this chapter, or who is involved in any way in a poker game not permitted or licensed by the Board, shall be punishable as follows and in addition to any criminal penalties that may result from such violations:

(1) In the discretion of the Delaware Board of Charitable Gaming, the Delaware Board of Charitable Gaming may impose an administrative penalty of not more than \$1,000 for each violation. Each day of continued violation shall be considered as a separate violation if the violator has knowledge of the facts constituting the violation and knows or should know that such facts constitute or may constitute a violation. Lack of knowledge regarding such facts or violation shall not be a defense to a continued violation with respect to the first day of its occurrence. Prior to the assessment of an administrative penalty, written notice of the Delaware Board of Charitable Gaming's proposal to impose such penalty shall be given to the violator, and the violator shall have 30 days from receipt of such notice to request a public hearing. Any public hearing, if requested, shall be held prior to the imposition of the penalty and shall be governed by § 10125 of Title 29. If no hearing is timely requested, the proposed penalty shall become final and shall be paid no later than 60 days from receipt of the notice of the proposed penalty. Assessment of an administrative penalty shall take into account the circumstances, nature and gravity of the violation, as well as any prior history of violations, the degree of culpability, the economic benefit to the violator resulting from the violation, any economic loss to the public and such other matters as justice may require. In the event of nonpayment of an administrative penalty, within 30 days after all legal appeal rights have been waived or otherwise exhausted, a civil action may be brought by the Delaware Board of Charitable Gaming in Superior Court for the collection of the penalty, and for interest, from the date payment was due, attorneys' fees and other legal costs and expenses. The validity or amount of such administrative penalty shall not be subject to review in an action to collect the penalty. Any penalty imposed after a public hearing is held pursuant to this subsection shall be appealable to the Superior Court and such appeal shall be governed by § 10142 of Title 29.

(2) In the discretion of the Delaware Board of Charitable Gaming, the Delaware Board of Charitable Gaming may endeavor to obtain compliance with requirements of this chapter by written administrative order. Such order shall be provided to the responsible party, shall specify the complaint, and propose a time for correction of the violation. It may also provide an opportunity for a public hearing at which the Delaware Board of Charitable Gaming shall hear and consider any submission relevant to the violation, corrective action or the deadline for correcting the violation.

(3) Any interest, costs or expense collected under this section shall be appropriated to the Division of Professional Regulation to carry out the purposes of the Delaware Board of Charitable Gaming.

(b) Every license issued by the Delaware Board of Charitable Gaming shall bear thereon the distinguishing number assigned to the licensee and shall contain the name and photograph of the licensee. A fee of \$15 shall be paid to the Division of Professional Regulation for each individual license.

(c) All licenses will be the property of the Delaware Board of Charitable Gaming and shall be returned to the Delaware Board of Charitable Gaming if the person's license is suspended or revoked pursuant to this section.

(d) All licensees will prominently display their license while on duty or acting in their official capacity at a Texas Hold'em Poker tournament.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, §§ 1, 32; 78 Del. Laws, c. 102, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1569 License renewal.

(a) Each individual applicant's license shall expire and be renewable every 3 years. Ninety days prior to expiration, each licensee shall contact the Division of Professional Regulation and submit a new and updated license application form for a background investigation. The background investigation will follow the procedures set forth in § 1567 of this title.

(b) Any person licensed under this chapter or any person who has submitted a license application shall notify the Division of Professional Regulation no later than 3 days after arrest for any crime (excluding minor traffic violations). The Division of Professional Regulation will then forward such notification to the Delaware Board of Charitable Gaming. This subsequent criminal history information shall be used by the Delaware Board of Charitable Gaming in making a determination about the person's continued suitability as a licensee.

(75 Del. Laws, c. 117, § 1; 77 Del. Laws, c. 21, § 33; 78 Del. Laws, c. 102, § 1; 79 Del. Laws, c. 199, § 4.)

§ 1570 Licensed third-party vendors.

for Texas Hold'em Poker.

(b) Sponsoring organizations shall contract with the licensed third-party or charitable gaming vendor or vendors with terms to be worked out between the parties. However, no licensed third-party or charitable gaming vendor shall receive a gross aggregate compensation based on a percentage of what the sponsoring organization receives in fees for that tournament, including entry fees and rebuy fees or add-on fees and sit and go games.
